University of Turin IT

Work experience

2000 - 2003
CEO of the company TeT Grouplet S.A.S
TeT Grouplet S.A.S
Advisory activity Web Design and Development

Research interests

My main research interests include intelligent user interfaces, adaptive systems, recommender systems and ubiquitous systems. Over the years, I worked on the application of HCI and AI in various fields, including on-board services and tourist-cultural mobile guides, technology-enhanced learning and privacy management.
