

Mirco Raffetto

Full professor

EDUCATION AND TRAINING

1990

Master's degree in electronic engineering

Summa cum laude

University of Genoa

1997

PhD in models, methods and tools for electronic and electromagnetic systems

University of Genoa

PROFESSIONAL HISTORY

2016-Ongoing

Full professor

University of Genoa

ACADEMIC APPOINTMENTS

2016-2022

Head of the bachelor program in electronic engineering and information technologies

University of Genoa

2023-Ongoing

Member of the scientific council

Interuniversity research center on the interactions between electromagnetic fields and biosystems

2024-Ongoing

Member of the board of the Polytechnic School

University of Genoa

EXPERIENCE

2002-2006

Visiting professor

University of Trento

2006

Award for the best article of 2005 of the journal "COMPEL: International Journal of Computations & Mathematics in Electrical & Electronic Engineering"

assigned to the article "Existence, uniqueness and finite element approximation of the solution of time-harmonic electronic boundary value problems involving metamaterials" by P. Fernandes and M. Raffetto

2000

Certificate in Advanced English

University of Cambridge
