Education and training

2003

Dottorato di ricerca

On some aspects of two-dimensional classical and quantum black hole
Università di Trento - Trento - IT

1999

Laurea in Fisica

Descrizione quantistica di un evento in una teoria con simmetria conforme.
- 110110
Università di Trento - Trento - IT

Academic experience

2003

Research contract

Department of Mathematics University of Trento - Trento - IT

2004 - 2006

Postdoc Fellowship

Department of Mathematics University of Trento. - Trento - IT

2007 - 2010

Postdoc Fellowship

II Institut fur Theoretische Physik. University of Hamburg. - Hamburg - DE

2010

Postdoc fellowship

Department of Mathematics University of Rome Tor Vergata - Roma - IT

2011 - 2014

Ricercatore Universitario (Assistant Professor)

Department of Mathematics. University of Genova. - Genova - IT

2014 - 2017

Associate Professor in Mathematical Physics.

Department of Mathematics. University of Genova. - Genova - IT

2017 - ONGOING

Full Professor in Mathematical Physics

Department of Mathematics. University of Genova - Genova - IT

Research interests

- Quantum field theories in curved spacetimes.
- Algebraic quantum field theory.
- Quantum description of space and time.
- Black hole thermodynamics.
- Semiclassical Einstein equations.
- Quantum theories and cosmological models of universe.
- Perturbative quantum field theories on curved spacetime and at finite temperature.
