

Egidio Armadillo

Researcher

✉ egidio.armadillo@unige.it

☎ +39 3538095

Education and training

1998

PhD in Geophysics

University of Genoa - Genoa - IT

1995

Master degree's in Geological Sciences

University of Genoa - Genoa - IT

Academic experience

2000 - ONGOING

Researcher

University of Genoa - Genoa - IT

Responsible of the Applied Geophysics Laboratory

Language skills

English

Independent

Teaching activity

Assistant Professor for the courses:

Applied Geophysics

Laboratory of exploration geophysics

Research interests

Aerogeophysics(magnetometric and gravimetric investigations) applied to geological and structural regional exploration.

Seismic, geoelectrical and electromagnetic, potential field methods applied to environmental and archaeological geophysics.

Geophysical exploration of geothermal systems by magnetotellurics, time domain electromagnetic systems, gravimetric and magnetometric methods.
