SKILLS AND COMPETENCIES KNOWLEDGE AND USE OF COMPUTER TOOLS AND MAIN MANAGEMENT SOFTWARE SPECIFIC TO SCIENTIFIC RESEARCH (E.G. OFFICE SUITE; NAVIGATION AND EVIDENCE MEDICINE RESEARCH ON PUBMED, PEDRO...ETC; INTERNET EXPLORER...)

LICENSE OR PATENT

SKILLS AND COMPETENCIES

TECHNIQUES

- EXPERIENCES IN REHABILITATION GAINED DURING THE UNIVERSITY INTERNSHIP CARRIED OUT AT ASL 4 CHIAVARESE AND AT SAN MARTINO HOSPITAL FOR THE DRAFTING OF MY DEGREE THESIS;

- OF THE WORK DONE IN THE PLACES WHERE I WORKED AND THE COURSES TAKEN FOR MY SPECIALIZATION (I HAVE LISTED THE PLACES AND COURSES PREVIOUSLY);

- TECHNICAL SKILLS IN MANUAL THERAPY ACQUIRED DURING THE MASTER'S PROGRAM;

- TECHNICAL SKILLS IN TREATING UROGYNECOLOGY PATIENTS ACQUIRED DURING THE ADVANCED TRAINING COURSE IN PELVIC-PERINEAL AND THE WORKING SHADOWING OF DR. DE FILIPPI AND DR. CONTRINO (BOTH RETIRED AS OF TODAY); AND I CONTINUE TO DEEPEN AND INTEGRATE BY PARTICIPATING IN NEW COURSES AND CONFERENCES EVERY YEAR (PELVIC FLOOR ITALY ASSOCIATION);

- TECHNICAL SKILLS IN TREATMENT WITH MCKENZIE METHOD FOR THE TREATMENT OF

SPINE AND LIMBS; HAVING ALSO COMPLETED AN INTERNSHIP AT DR. SARA LUETCHFORD'S OFFICE FROM 31/01 TO 02/02/2023; AND HAVING TAKEN THE MCKENZIE ACCREDITATION EXAM ON MARCH 16, 2024;

- TECHNICAL SKILLS IN TREATING TRIGGER POINTS

FURTHER INFORMATION

- I participated in the drafting of the rehabilitation protocols for the knee hip prosthesis of our Health Company with a group work based on scientific research Evidence Based Medicine.
- I am registered with the Order of Physiotherapists (FNOFI) of Genoa, Imperia and Savona with registration number 1125.
- I am registered with AIFI GIS PELVIC FLOOR ITALY.
- I am registered with the PELVIC FLOOR ITALY BE APPI group. On May 4, 2023, together with my colleague and friend Defilippi Mirella, we organized a free information evening open to all citizens, in the Municipality of Recco, on the functions and related dysfunctions of the pelvic floor. The same thing happened on October 8, 2024, together with a nutritionist and gynecologist (multidisciplinary team).
- Since January 2024, I have been participating, in collaboration with the Association Pelvic Floor Italy, in the research project that will evaluate the correlation between high-impact sports in women and the pelvic floor. This project, completely free, includes an information evening, lasting about 2 hours, on the pelvic floor, presented to women aged 10 to 40 who practice high-impact sports (such as volleyball, artistic gymnastics, rhythmic gymnastics, group aesthetics, synchronized swimming, judo, basketball...) and possibly an individual assessment for each (at the athlete's discretion). All aimed at preventing secondary damage from incorrect abdominal activation, pelvic floor, and breathing. In Liguria, I am currently the only one participating in this project.
- November 8, 2024, I was invited by OFI LIGURIA to participate as a speaker at the information meeting on the importance of breaking the taboo of an underestimated disorder.
