  - Child Observation (observation of children, 36-48 months)
  - Psychoanalytic Theory I and II
- Overall Rating: Merit, achieved on 11/28/2014
- 2014 Master's Degree in Psychology (single cycle)  
University of Genoa - Faculty of Education Sciences, Genoa (Italy)  
From academic year 2007/2008 to academic year 2012/2013  
Neuropsychology research thesis: "Standardization of Tests for Evaluating the Executive Attention System" (now published battery, MEA, ed. Hogrefe); supervisor: Prof. Francesco Benso; co-supervisor: Dr. Valentina Clavarezza.  
Drafting and organizing the entire research project, with supervision by Prof. Benso, conducted in a primary school in the Genoese area; randomized sampling; implementation of the randomized administration procedure (to nullify test effects) of the test battery through the construction of a Latin square; administration of the entire battery (including computerized tests) performing test and re-test (T0 and T1 after one month) to evaluate whether there had been learning of the tests; correction of the tests of the entire battery and creation of data files of raw scores; cleaning of data from possible outliers; data analysis performed using SPSS and presentation of results. Training provided to trainee interns from the University of Genoa (who collaborated on the research) on the administered tests and their correction; training provided on data cleaning procedures (raw data transformation procedures - clean data) and related statistical analyses.  
The research project involved the entire School Council with personal participation in two class councils for two full sections (entry and exit) and feedback on the screening conducted on 120 children in grades 1, 2, and 3. Suggestions were provided on classroom sustainability and the management of children with Specific Learning Disorders and Attention Deficit and Hyperactivity Disorders with and without certification (Students with Special Educational Needs). A feedback day was held for interested parents. Final grade: 107/110 achieved on 03/26/2014.
- 2007 Bachelor's Degree in Communication Sciences  
University of Genoa - Faculty of Education Sciences - Savona Campus, Savona (Italy). From academic year 2003/2004 to academic year 2005/2006. Sociology of Deviance research thesis: "I Punkabbestia

– ethnographic experience in Genoa"; supervisor: Prof. Gabriella Petti. Final grade: 110/110 cum laude achieved on 03/29/2007.

2000 Diploma as Accountant and Commercial Expert  
I.T.C.S. "Vittorio Emanuele II", Genoa (Italy), Grade: 79/100

---
