

David Giofre'

Associate professor

✉ david.giofre@unige.it

Education and training

2013

Ph.D.

University of Padua - Padua - IT

Academic experience

2013 - 2016

Senior Lecturer

Liverpool John Moores University - Liverpool - GB

Teaching and research

Research interests

I am interested in human intelligence, working memory and neurodevelopmental disorders (e.g., specific learning disorders, intellectual disabilities, and autism spectrum disorder). I analyzed large scale datasets (e.g., PISA, INVALSI), with a focus on gender differences in mathematics and reading.
