Istruzione e formazione

2013

Ph.D.

University of Padua - Padua - IT

Esperienza accademica

2013 - 2016

Senior lecturer

Liverpool John Moores University - Liverpool - GB

Teaching and research

Interessi di ricerca

I am interested in human intelligence, working memory and neurodevelopmental disorders (e.g., specific learning disorders, intellectual disabilities, and autism spectrum disorder). I analyzed large scale datasets (e.g., PISA, INVALSI), with a focus on gender differences in mathematics and reading.
