Tax Code: BNDFBA60P16E625P  
Date of Birth: September 16, 1960  
Nationality: Italian  
Place of Birth: Livorno, Italy  
Professional Registration: Registered with the Medical Council (Albo dei Medici-Chirurghi) of the Province of Genoa, Registration No. 10979

**CURRICULUM VITAE**  
**DRAFTED IN ACCORDANCE WITH ARTICLES 46 AND 47 OF ITALIAN**  
**PRESIDENTIAL DECREE NO. 445 OF DECEMBER 28, 2000**

The undersigned, Fabio Bandini, born in Livorno on September 16, 1960, Tax Code: BNDFBA60P16E625P, and residing in Genoa, fully aware of the criminal liability established by Article 76 of Presidential Decree 445/2000 for false statements and misrepresentation,

**HEREBY DECLARES**  
that the information provided below is true and accurate.

Dr. Fabio Bandini was born in Livorno on September 16, 1960.

He obtained his degree in Medicine and Surgery from the University of Genoa on July 23, 1985, graduating with top honors (110/110 cum laude).

He completed his specialization in Neurology with honors (50/50 cum laude) in October 1989, followed by a second specialization in Neurophysiopathology (50/50) in July 1992.

In May 1991, he was appointed as a permanent Assistant at the Department of Neurosciences at the University of Genoa.

From July 1993 to December 2009, he held the position of permanent Senior Assistant (Aiuto) within the same department. As of January 1994, this position was reclassified as Level I Medical Executive, Grade A (Dirigente Medico di I livello, fascia A).

From January 2010 to 2020, he served as Director of the Complex Neurology Unit at San Paolo Hospital in Savona.

From August 2017 to 2020, he also held the role of Director of the Head and Neck Department of ASL 2 Savonese.

Since December 1, 2020, he has been serving as Director of the Complex Neurology Unit at ASL 3 Genovese.

Until December 2009, Dr. Bandini served as Head of the Neuro-ophthalmology Outpatient Clinic at the Department of Neurosciences, University of Genoa, a Regional Reference Center for Leber's Hereditary Optic Neuropathy (LHON).

From 1993 to December 2009, he was also Head of the Vision Neurophysiology Laboratory within the same department, where he carried out the following activities:

Visual Evoked Potentials (VEPs) and Pattern/Flash Electroretinography (ERG)

Color vision testing (Ishihara Plates and Farnsworth-Munsell 100 Hue Test)

Ocular movement recording and Electronystagmography (ENG)

Clinical and neuroradiological assessment of orbital diseases, in collaboration with the Neuroradiology Unit of the department.

From 2002 until December 2009, he was an active member of the Genoa Brain Tumor Study and Treatment Group (GSCTC-Ge), a multidisciplinary team comprising clinical, diagnostic, and therapeutic units from both the university and hospital divisions of Azienda San Martino and the National Cancer Research Institute (IST) in Genoa.

From June 1996 to March 1997, he spent nine months in study and research at the Clinical Visual Sciences Laboratory, under the supervision of Professor Ivan Bodis-Wollner, at the State University of New York, Health Science Center at Brooklyn.

During this period, he gained experience in pattern electroretinogram (ERG) recording in both non-human primates and humans, as well as in the recording of event-related potentials (ERPs) in humans. He has maintained an ongoing and productive collaboration with Professor Bodis-Wollner.

In recent years, his research has focused particularly on the study of electroretinograms, visual evoked potentials (VEPs), and event-related potentials (ERPs), especially in the context of Multiple Sclerosis, Alzheimer's disease, and Parkinson's disease.

Dr. Fabio Bandini has served as a Contract Professor at the University of Genoa in the following programs:

- Bachelor's Degree in Physiotherapy: from 1998 to 2001 (12 teaching hours per year)
- Bachelor's Degree in Speech and Language Therapy: from 2002 to 2016 and from 2021 to the present
- Bachelor's Degree in Orthoptics and Ophthalmologic Assistance: from 2003 to 2020 (10 teaching hours per year)
- PhD Program in Neuroscience
- Postgraduate School of Physical and Rehabilitation Medicine

He is the author of over 80 full-length scientific articles, published in international and national journals indexed by the Institute for Scientific Information (ISI, Science Citation Index, 1997). He is also the author of over 150 published abstracts of presentations at national and international conferences, and has contributed 8 book chapters in national and international volumes.

He is a member of the Executive Board of the Italian Society for the Study of Stroke (SISS) and, since September 2016, has served as President-Elect of the Society.

He is also a member of the North American Neuro-Ophthalmology Society (NANOS),

a member of the Italian Society of Neurology (SIN),

and a member of the Scientific Committee of the Ligurian section of ALICE (Associazione Italiana per la Lotta all'Ictus Cerebrale – Italian Association for the Fight Against Stroke).

Dr. Fabio Bandini serves as an ad hoc reviewer for the Italian Multiple Sclerosis Foundation (FISM). He is also an ad hoc reviewer for the following scientific journals:

- *Clinical Neurology and Neurosurgery*
- *European Journal of Neurology*
- *Journal of Neurology, Neurosurgery and Psychiatry*
- *Journal of Vestibular Research*
- *Nature Reviews Neurology*
- *Parkinsonism and Related Disorders*
- *Vision Research*
- *Neurocase*
