EDUCATION AND TRAINING

- Name and type of educational or training institution

Rehabilitation Therapist Diploma specialized in Kinesiotherapy, obtained at the Neurological Clinic of the University of Genoa in the academic year 1983-1984. First-Level University Master's Degree in "Management and Coordination of Technical Healthcare Professionals", obtained at the University of Genoa on 30/07/2020.

For several years (approximately 1986–1988), she served as a tutor for practical activities of students at the Specialized School for Neuro-Psychomotor Therapists. In this context, she also supervised some diploma theses.

Actively participates in the Interdisciplinary Working Group on Cerebral Palsies.

Actively participates in the Neonatal Follow-up Study Group, in collaboration with the Neonatal Pathology Service and the Center for At-Risk Newborns.

Actively participates in the Genetic Neuropathies (CMT) Study Group.

Actively participates in the Study Group on Patients with Somatoform Pain.

- Main subjects / professional skills covered during the course of study
- Qualification obtained

"Administrative Secretary" High School Diploma, obtained at the "Jacopo Ruffini" Institute in the academic year 1977/78.

Physiotherapist

Teaching Activities

Since 1986, she has collaborated in the cultural and educational activities of the Division and Chair of Child Neuropsychiatry, conducting clinical seminars and integrative courses both for students of the Specialization School in Child Neuropsychiatry (NPI) and, in the past, for students of the Specialized School for Neuro-Psychomotor Therapy in Childhood.

Since 1987, she has been a tutor for psychomotor therapists carrying out internships at our NPI Division.

Since 2011, she has been an Adjunct Professor for the TNPEE Degree Course at the University of Genoa (two integrated courses: "Psychomotor Intervention in Musculoskeletal Disorders" and "Physical and Rehabilitative Medicine – Special Rehabilitation Methods").

Since 2011, she has served as Coordinator of the integrated course "Musculoskeletal Disorders" for the TNPEE Degree Course at the University of Genoa, and Vice-Coordinator of the integrated course "Rehabilitative Sciences IV".

Since 2011, she has been a practical exam instructor and internship supervisor for the TNPEE Degree Course at the University of Genoa.

She has participated in several TNPEE thesis committees, acting as a member and thesis advisor, and has also served as a thesis supervisor. She has attended numerous continuing education courses and national conferences, both as a participant and as a speaker.

Scientific Activities

She has presented numerous reports and communications at conferences, often in collaboration with other authors, on various psychomotor and rehabilitative topics, with particular focus on Childhood Cerebral Palsy disorders, neonatal follow-up, genetic neuropathies (CMT), and somatoform pain.

Additionally, she has participated in several conferences and symposia, both as a speaker and attendee.
