

Luca Fabbri

Researcher

EDUCATION AND TRAINING

1997-2003

Undergraduate and Master

Scuola Normale Superiore in Pisa and University of Bologna

2004-2007

Ph. D.

Universities of Bologna and Montreal

PROFESSIONAL HISTORY

2008

Post-Doc

University of Montreal

2018

Post-Doc

University of Genoa

2023-present

Researcher

University of Genoa

EXPERIENCE

MAIN SEMINARS

2013 "Torsion Gravity with Spinors: an Overview" University of Bologna

2020 "Tensorial Connection, Covariant Inertia and Sourceless Forces" LPSC Grenoble

2023 "Dirac Hydrodynamics" University of Genoa

2024 "Avoiding singularities with propagating torsion" 17th Marcel Grossmann Meeting

TEACHING OR RESEARCH POSITIONS AT FOREIGN UNIVERSITIES AND INSTITUTES

2013-2019 Series of Courses at Ph. D. level LPSC Grenoble

AUTHORSHIP OF ARTICLES

- Author of 122 scientific papers published with peer-review

EDITORSHIP OF JOURNALS

- Reviewer for 31 international journals (including Journal of Physics A, Physics Letters A-B, European Physical Journal C, General Relativity and Gravitation, International Journal of Theoretical Physics, Classical and Quantum Gravity, Foundations of Physics)

- Editor of the book "Torsion-Gravity and Spinors in Fundamental Theoretical Physics" (ISSN 2218-1997)
