

Cristina Campi

Associate professor

✉ cristina.campi@unige.it

☎ +39 010 353 6835

Education and training

2010

PhD

A computational method for the spatio-temporal reconstruction of brain activity using Magnetoencephalography and MRI

Università di Genova - Genova - IT

2006

MSc in Mathematics

Università di Genova - Genova - IT

2004

BSc in Mathematics

Università di Genova - Genova - IT

Academic experience

2020 - ONGOING

Associate professor

Università di Genova - Genova - IT

2019 - 2020

Assistant professor tenure-track

Università di Padova - Padova - IT

2018 - 2019

Assistant professor

Università di Padova - Padova - IT

2017 - 2018

Fixed-term researcher

CNR - IT

2012- 2016

Postdoctoral fellow

2010- 2011

Postdoctoral fellow

University of Helsinki - Finland

Research interests

My research mainly focuses on the development of computational methods for bio-medical data and signals.
