

Maria Morozzo della Rocca e di Bianze'

Architect, Phd, Associate Professor in Design

Co-ordinator of the Master's Degree Course in Naval and Nautical Design

Member of the College of the Doctorate Course in Marine Science and Technology - CV Naval and Nautical Design, Centre of the Sea, UniGE

Member of the College of the National Doctorate Course in Design for Made in Italy, UniCampania Vanvitelli

carola.morozzo@unige.it Education and Training

Education and training

2003

Dottore di Ricerca in Disegno e Rilevo dell'Architettura e dell'Ambiente

Robaldo Morozzo della Rocca l'architetto e il disegno (vol 01) l'architetto e il suo archivio (vol 02)

University of Genoa - Ge - IT

1999

Five-year degree in Architecture

The future of naval tradition wood as a building material in continuous evolution - 110/110 cum laude

University of Genoa - Genoa - IT

Academic Experience

2014 - IN PROGRESS

Associate Professor ICAR/13

University of Genoa - Genoa - IT

2008 - 2014

University Researcher ICAR/13

University of Genoa - Genoa - IT

2007 - 2008

Research Associate

University of Genoa - Genoa - IT

2005 - 2006

Research Associate

University of Genoa - Genoa - IT

Professional experience

1999 - 2007

Architect

Freelancer - Savona - IT

Design and supervision of works

Maria Carola Morozzo della Rocca e di Bianzè

architect, associate professor in design

Stradone S. Agostino 37, 16128 Genova

Teaching activities

1_Start of teaching activity years 2000 - 2008 with teaching in Degree Courses:

Nautical Engineering (La Spezia)

Industrial Design - Naval and Nautical Curriculum (Genoa)

Topics covered:

Concept design, nautical design, industrial and nautical materials.

Teaching approach:

Integration of research and teaching

2_From 2008 to date Official and supplementary teaching in the three-year and master's degree courses in:

Design

Nautical Design

Nautical Engineering (until 2016-2017)

Subjects: Boat design, ergonomics, technology.

Activities: Lectures, workshops, visits to shipyards, fairs, boat trips.

Subjects covered:

Concept design, nautical design, industrial and nautical materials.

Interdisciplinary teaching:

Integration between Design and Engineering courses.

Teaching approach:

Integration between research and teaching

Stimulation of cultural debate and design experimentation

3_Other activities:

Participation in workshops and seminars on strategic design and the nautical product

Supervision of undergraduate and doctoral theses

4_First line of research applied in education:

Concept and design of small sailing and motor boats and Restoration of nautical heritage

5_Visiting Professor at:

FIU (Miami)

ISD (Valenciennes)

Maltepe Universitesi (Istanbul)

Maria Carola Morozzo della Rocca e di Bianzè

architect, associate professor in design

Stradone S. Agostino 37, 16128 Genova

carola.morozzo@unige.it

Teaching and research activities in higher education

Supervision of PhD students, postgraduates, post-doctoral fellows

MMdR since 2009 participates in PhD activities and supervises PhD students in the development of their research topic

Participation in the board of teachers within the framework of research doctorates accredited by the Ministry

Doctorate in Marine Science and Technology - UniGE

National Doctorate in Design for Made in Italy DeMint - Vanvitelli UniCampania

Research Interests

MMdR participates in various working groups dealing with topics related to design strategies and product valorisation (industrial and nautical), sustainability in the yachting sector, and experimentation with innovative materials and concepts, maturing over time with the ability not only to develop topics related to individual research activities, but also to create new relationships, directly manage contacts or relations with companies, and coordinate work teams.

The passion for historical boats has also led MMdR to seek opportunities for further areas of investigation from which subsequent opportunities for experimentation could arise: this is the case with the theme dedicated to "VALORISATION AND RECOVERY STRATEGIES FOR THE NAUTICAL PRODUCT". This research strand, promoted by MMdR, pertains to the area of CULTURAL HERITAGE.

Editorial activities

Member of the Organising Committee and Scientific Committee of the 'Second National Conference on Naval and Maritime Culture - Transire mare'. Organisation and sponsorship: Atena, Atena CuMaNa, University of Genoa, Polo Museale della Liguria Department of Architectural Sciences, Stradone di S. Agostino 37, Genoa. MMdR also acted as peer reviewer and editor of the conference proceedings and was editor for the journal MDJOURNAL.

Assignments abroad

December 2012 Visiting Professor at ISD Institut Supérieur de Design (Valenciennes - France), invitation to give a lecture and to develop teaching and research relations between ISD and UNIGE.

From 25 to 27 March 2013 Visiting Professor at the Nautical Design Department

Department of MALTEPE ÜNİVERSİTESİ (Istanbul - Turkey), invitation to hold a seminar structured over three days of lectures for a total of 24 hours

From 17 to 20 November 2013 Visiting Professor at the Nautical Design Department of MALTEPE ÜNİVERSİTESİ (Istanbul - Turkey), invitation to hold a seminar structured over two days of lectures for a total of 16 hours.

Maria Carola Morozzo della Rocca e di Bianzè

architect, associate professor in design

Stradone S. Agostino 37, 16128 Genova
carola.morozzo@unige.it

From 14 to 24 Febbario 2014 Visiting Professor at the IDEC Department of FIU-Florida International University (Miami FL-USA) for WS activities and intensive design in the laboratory dedicated to interior design for cruise ships.

From 30 March to 2 April 2014 Visiting Professor at the Nautical Design Department of MALTEPE ÜNİVERSİTESİ (Istambul - Turkey), invitation to hold a seminar structured over two days of lectures for a total of 16 hours.

From 17 November to 19 November 2014 Visiting Professor at the Nautical Design Department of MALTEPE ÜNİVERSİTESİ (Istambul - Turkey), invitation to hold a seminar structured on two lecture days for a total of 16 hours.

28 November to 1 December 2017 Visiting Professor at ISD Rubika - Institut Supérieur de Design (Valenciennes - France) for internationalisation of teaching and member of the international diploma jury.
