

Andrea Randazzo

Full professor

✉ andrea.randazzo@unige.it

☎ +39 0103536588

Education and training

2001

Laurea degree in Telecommunication Engineering

University of Genoa - Genoa - IT

2006

**Ph.D. degree in Information and Communication
Technologies**

University of Genoa - Genoa - IT

Academic experience

2010 - 2014

Assistant Professor

University of Genoa - Genoa - IT

2014 - 2019

Associate Professor

University of Genoa - Genoa - IT

2019 - ONGOING

Full Professor

University of Genoa - Genoa - IT

Research interests

Presently, the main research activities of Andrea Randazzo are focused on innovative system and techniques for electromagnetic imaging (mainly based on stochastic approaches and new regularization paradigms applied to deterministic methods), analytical and numerical methods for solving scattering problems, radar systems, antennas and propagation.
