

Dr. Michele Paudice, MD

- Medical Doctor and Surgeon
- Specialist in Pathological Anatomy
- Born in Genoa on January 30th, 1991, Italian citizen
- Residence: Via S. Felice 36/23 (Genoa, GE)
- Mobile: +39 349 8821613
- Email: michele.paudice@yahoo.com
- Certified Email (PEC): michele.paudice.yoar@ge.omceo.it
- Orcid ID: /0000-0003-4188-4247

A) EDUCATION

- Scientific high school diploma from Liceo Gian Domenico Cassini, Genoa (2010).
- Degree in Medicine and Surgery from the University of Genoa with a thesis entitled “Mutational profile analysis of BRCA1 and BRCA2 genes in High-Grade Serous Ovarian Carcinoma through Next-Generation Sequencing: correlation between somatic and germline mutations.” Graduated with honors (110/110 cum laude) on 14/07/2016.
- Medical License and registration with the Medical Board of the Province of Genoa (28/02/2017), no. 16788.
- Specialization in Pathological Anatomy with thesis titled “Implementation of molecular classification of endometrial carcinoma in diagnostic practice.” Graduated with honors (50/50 cum laude) on 10/01/2022.

B) WORK EXPERIENCE

Training

- 2010–2016: Degree in Medicine and Surgery at the University of Genoa. Official duration: 6 years.
- 2017–2021: Residency in Pathological Anatomy at the University of Genoa. Official duration: 4 years. Training and work contract at IRCCS Ospedale Policlinico San Martino in Genoa, IRCCS Giannina Gaslini Institute, and ASL3 Genovese.
- 01/09/2021–01/12/2021: External training experience at the Cytopathology and Predictive Molecular Pathology Service, University Hospital Federico II in Naples and the Department of Public Health. Activities included:
 - Fine-needle aspiration cytology clinic (US-guided biopsies of thyroid, lymph node, breast, salivary gland, and soft tissue nodules)
 - Microscopy labs (cytological sample slide preparation and interpretation)
 - Molecular biology labs (nucleic acid extraction and purification, single-marker and multigene molecular techniques, including next-generation sequencing; analysis of complex genomic data and liquid biopsy processing for ctDNA in advanced lung cancer patients).
- Since 01/06/2022: Fixed-term researcher (type A) with agreement between University of Genoa and Ospedale Policlinico San Martino.
- Regional board member of SIAPEC Liguria (2023–2025).
- Coordinator of the first semester, fourth year of the Degree Course in Medicine and Surgery.

· Member of the Teaching Activities Committee as a researcher within the Board of Italian Professors of Pathological Anatomy.

C) AWARDS

· 'Prof. Ubaldo Dimita' Award at the 12th International Workshop on Neonatology, Cagliari (19–22 October 2016) for the poster titled “Malformative Pathologies in Fetal Autopsies: A focus on Cardiovascular and Genitourinary Systems.”

· 'Prof. Marin Burlea' Award at the 15th International Workshop on Neonatology, Cagliari (24–26 October 2019) for the poster titled “Prenatal detection of central nervous system malformations: our multidisciplinary approach.”

D) PARTICIPATION IN FUNDED RESEARCH PROJECTS

· PRIN PNRR Project 2023–2025: “Impact of metabolic alterations on NK cell function: new horizons for immune checkpoint blockade immunotherapy of High Grade Serous Ovarian Carcinoma” (Project CUP: D53D23016380; Project Code: P2022PKFNB)

· 2019–2020: Participant in University of Genoa’s Institutional Research Funds (FRA)
Project title: “Towards Personalized Medicine in HPV-Related Neoplastic and Pre-Neoplastic Diseases. A Translational Study of Multiparametric Molecular Typing”

E) Scientific contributions
