Date of birth: 23/06/1994 | Place of birth: Genova, Italy | Nationality: Italian | Phone: (+39) 3474769046 (Mobile) | Email address: francesco.pesce23694@gmail.com | Address: Via Oberto Cancelliere 51/9, 16125, Genova, Italy (Home)

About me

I am a lawyer with experience gained mainly in civil law. My strengths are commitment and passion in learning and learning more about new topics.

Since November 2024 I have started a PhD at the University of Genoa and in collaboration with the Giannina Gaslini Institute. The research project concerns the topic of intellectual property protection and the use of artificial intelligence, with particular attention to collaborative products in the development and transfer of health technologies. From April to November 2024 I carried out activities linked to a scholarship at the General and Legal Affairs Office of the Giannina Gaslini Institute in Genoa, through which I explored various aspects of administrative law.

In 2022 I took the first oral test of the bar exam, obtaining a score of 30/30 and I obtained the license to practice law on December 2022 with an overall score of 187/210.

Since December 2019 I have collaborated with some lawyers, initially as a trainee lawyer and subsequently as a lawyer, dealing with various branches of civil law and partially also with tax law, acquiring important professional training.

Work experience

Lawyer | 21/12/2022 - Current | Genoa, Italy

I am a lawyer with experience gained mainly in civil law, also in relation to the drafting and revision of contracts, and transactions. I dealt, among other things, with out-of-court consultancy, debt collection and compensation for damages
